

# OR BUY A LOT AND BUILD

Few People Have the Actual Cash in Hand to Build Homes-Nearly All Depend on a Building Loan

75% OF THE HOMES IN LIMA WERE BUILT THRU BUILDING AND LOANS

Lima Has Been Fortunate in Having Strong Building and Loan Associations That Have Furnished the Money Needed for 75% of the Homes Built

Can We Meet This Need? ORE HOMES are urgently needed. Hundreds will build this year if financial arrangements can be made. If they cannot be arranged, of what use are more factories or more people? How can the population grow? How can discontent be allayed and working people live happily under present condition of high rent and crowded buildings?

Now, if ever, building loans are urgently needed. They must be forthcoming if present prosperity is to continue, present comfort maintained, or the substantial growth of the city be continued.

VERY manufacturer, every merchant, every tax payer is vitally interested in this problem, for the building and loan associations cannot meet the demands made upon them unless their deposits are greatly increased from now on.

Their deposits are the safest investment at good interest before the public today. They are secured by first mortgages on real estate, with safe margins. They yield 5 per cent with absolute safety.

Every Tax
Payer
Concerned!

As investments, they are better than promises of industrial concerns, because there is no doubt of the regular, substantial return of interest and of the security of the principal.

More than that, their judicious use in promoting home building helps allay unrest, increases the value of every enterprise, and makes for the welfare of the entire population.

Put your funds at work for the city and for yourself.

# Why Brunswick Tires Win Preference

There are two main reasons — one, the name itself, which certifies superfine value—the other, that time tells the same story.

Thus reputation and performance unite in giving you all you expect-and more. Yet Brunswicks cost no more than like-type tires.

Many motorists would pay more readily, but the Brunswick idea is to GIVE the utmost, rather than to GET the utmost. And this has been true since 1845. You can appreciate what Brunswick Standards mean by trying ONE Brunswick Tire. It will be a revelation. You'll agree that you could not buy a better, regardless of price.

And, like other motorists, you'll decide to have ALL Brunswicks. Then you'll know supreme satisfaction from your tires - longer life, minimum trouble, lower cost.

# Value of Reading Announcements

Our advertisements are meant for people who want to practice true economy. It can be laid down as an unfailing rule, that, whenever anybody goes below our prices he also goes below our qualities. We have no desire to be known as a "creap" home furnishing

The idea that overshadows all the others is to give you satisfaction. We have no desire to biag. What is said in our advertisement is merely business news. It is nothing but

We believe the public likes to know which is the best place to buy. We believe in telling them—HOOVER-BOND CO.

#### Yes! It's True

You may buy a piece of furniture elsewhere for less money, but are you satisfied with "just-as-good-kind"? Are you willing to pay out your money for furniture that lasts for six months or a year? The just-as good kind in the end is the most costly and never compares with Hoover-Bond quality furniture in design, quality or tinish. The sweetness of low price is never equalled by the bitterness of poor quality. This is a store that sells good, dependable furniture and rugs only at prices you care to pay.

## Can Any One In This City Offer

S. Karpen & Bros. Upholstery or Garland Stoves, Sellers Kitchen Cabinets, F. A. Whitney Go-Carts, Challenge Refrigerators, Cool More Porch Shades, May Tag Washing Machines and all National advertised furniture.

## People Who Pay Little for Furniture

Can least afford to be careless in the buying of it. It's the quality behind the price tag that tells whether or not you receive a bargain. Particularly is this true of the furniture you buy in this store, which aims at providing the kind of furnishings that will be in good service when your children are growing up.
